<p>What is a School Advisory Council (SAC)?</p>	<p>SACs bring together school stakeholders and individuals from local communities who share an interest in promoting student success. They provide parents/guardians, school staff, community members and when appropriate, students, with a voice to influence decisions that have an impact on student learning and well-being. As advisory bodies, SAC's bring partners together to provide principals and regional centers of education (RCE's) with advice that reflects the best interests of students from the point of view of the school community. SACs receive their authority from the Education Act (2018).</p>

SAC Annual Report	<p>This year our SAC meetings were pretty much focused on information sharing. Administration discussed topics covered during staff PD days, action taken to battle anti-black racism, and the school's ongoing measures we were taking to prevent the spread of covid-19. The SAC members supported the school through brainstorming ways to address issues around: bullying in social media, school-based covid protocols, and the condition of the school grounds.</p>
